**255124 DEERFIELD RIVER AT #4 DEVELOPMENT, SHELBURNE FALLS  
MA**

PUBLISHED ON MAR 25, 2019 AT 23:10:44 - EXPIRES MAR 26 MIDNIGHT

For the Deerfield River at Great River Hydro's #4 Development, Shelburne Falls MA:

The total spill below the dam is 160 CFS

Similar conditions are expected to continue through MIDNIGHT Sun MAR 31

For the river below the project where the spill and the powerhouse flow combine:

At 11:07 PM today 1358 CFS

Flows will often differ from this forecast for reasons beyond the company's control including regional energy demand and clearing price, system operating conditions, equipment failures and weather.

All published flows are approximate and forecasts are estimated based upon anticipated energy demand and costs in addition to weather conditions. Actual flows will vary and can change quickly at any time. Stay alert and wear an approved flotation device. Never go in or near the water until you know and accept the risks you are assuming by entering this area!
