Waterline Site Code List for Iowa

INSTRUCTIONS FOR USING WATERLINE

Get and review the Waterline Terms of Use and any other state site codes you need. These are available here at the Waterline web site or at Waterline customer service at 800-945-3376.

If a site below is a link, you can click it to get current information, otherwise...

Call a Waterline 800 reporting number. After the intro, the system will prompt you to enter a six digit site code. Enter the code for the site you want and listen to as much of the report as you wish. You can enter another site code at any time during the call. Sites are reported in Eastern Time unless otherwise noted.

'4hr' & 'R' mean reports are for recent past. 'F' refers to sites providing estimated flows in addition to stage readings. Stage or flow are updated at the indicated hourly frequency or at random. 'Forecast' = future flow projections. Report types may change at any time. All interpretation is your responsibility.
